

Proud Partners with:

### Exclusive Protection for Your MSP

Let's work together. Ostra Cybersecurity has teamed up with SecurityStudio to bring an exclusive protection deal to MSPs.

Ostra knows that any MSP who is part of the SecurityStudio family deserves to be treated like our family as well. As such, we want to give SecurityStudio MSPs a warm welcome by providing:

- Up to **10 complimentary** Ostra Encompass licenses (**\$6,000 value**)
- **50% off** any additional Ostra Encompass licenses needed to protect their own MSP employees

Now when your MSP becomes partners with SecurityStudio, your MSP can protect itself with Ostra as Your Trusted Cybersecurity Team—for little to no cost!

### Frequently Asked Questions:

**How do I qualify for 10 complimentary Ostra Encompass licenses?** You must be an active SecurityStudio partner and become a certified Ostra Channel Partner.

**How long does it take to become a certified Ostra partner?** From start to finish, it typically takes 60-90 days to onboard as a new channel partner, including 1-2 hours of certification training.

**Does it cost any money to become a certified Ostra channel partner?** No, there is no monetary investment to become a certified Ostra channel partner. The only thing we ask is an open mind to learning a different way of approaching cybersecurity for SMBs.

**How long do the complementary licenses last?** The complementary licenses last for 12 consecutive months. After that, they will convert to NFR licenses at a 50% discounted rate.

# Ostra Encompass™

for your business

## Lean on Your Trusted Cybersecurity Team

Trust Ostra's down-to-earth, proactive team of experts to stand between you and the criminals who want your data. With Ostra Encompass, our trained cybersecurity experts serve as an extension of your team.

Ostra's layered security approach combines multiple Security Information & Event Management (SIEM) tools with 24/7 monitoring from our Security Operations Center (SOC). Sleep soundly at night while Your Trusted Cybersecurity Team proactively hunts, remediates and *resolves* threats.

\*These elements dependent on client configuration. Please contact sales for more details.
